

Weddings at
THE HURT ARMS

At a glance...

Ideally situated along the A6 and perfectly nestled into the Amber river, The Hurt Arms has stood proudly for 150 years. The building retains the historic charm and character, offering sweeping views across the beautiful Derbyshire landscape.

The Hurt Arms is a perfect blend of rustic and contemporary, with the unique and stylish Tollgate Suite for you to host your special day. Our wedding suite was named after the toll house and gate that was adjoined to the Hurt Arms when it was first built by Francis Hurt in the 1870's.

Complete with a private bar, exposed brickwork and chic lighting, the Tollgate

Suite encapsulates an inspiring canvas for your unique wedding day.

Outside is a raised terrace area that descends to the Secret Garden. Exclusive to you and your guests, The Secret Garden is a picturesque setting to enjoy drinks

from the Tuk-Tuk bar or cuisine from our outdoor kitchen.

We have six individually designed en-suite rooms for you and your wedding party. All with king size beds, crisp sheets, premium toiletries, gowns and

slippers for a finish to the evening of luxury and tranquillity.

New to Autumn 2022 we will have renovated a Grade II listed property, The Canal Inn at Bullbridge. Located just a few minutes from The Hurt Arms, this will be a boutique B&B, restaurant and micro brewery. The property will also have a beautiful pre-bridal suite for you to prepare on your special day, as well

as a further 6 guest bedrooms.
